SUMMARY

Cybersecurity product marketer with 7+ years of experience. Consistently surpasses revenue targets post-launch, accelerates pipeline through competitive differentiation, and enables sales with the positioning and playbooks to close. Converts technical complexity into sharp messaging that resonates across buyers.

EXPERIENCE

Senior Product Marketing Manager, Cybersecurity & Compliance · Acronis Aug 2023 — Present

- Drive global GTM strategy and execution for Email Security, Security Awareness Training, and XDR/MDR across MSP and mid-market segments.
- Lead Tier 1-3 portfolio launches end-to-end - positioning, messaging, pricing, packaging, and cross-functional GTM plans.
- Surpassed 100% of revenue targets for XDR and SAT post-launch through focused enablement, competitive differentiation, and coordinated campaign execution.
- Accelerated Email Security growth by 30% in the first two quarters through refined messaging, targeted demand initiatives, and sales alignment.
- Built comprehensive sales asset library across Email Security, EDR, and XDR - reducing rep ramp time and improving deal confidence.
- Leverage AI agents and automated workflows to accelerate content production across battlecards, competitive briefs, and sales assets - compressing cycle times and scaling PMM output without headcount.
- Spearheading company-wide compliance-driven positioning, aligning security solutions to global regulatory frameworks to unlock new revenue conversations.
- Run quarterly enablement sessions for Email Security, EDR, and MDR - used directly by field reps to handle technical objections and accelerate pipeline.
- Lead org-wide competitive intelligence for the security portfolio, producing 50+ battlecards and talk tracks that equipped the sales team to handle objections and accelerate pipeline.

Product Marketing Manager · Vidyard Dec 2021 — Mar 2023

- Developed and executed GTM plans for 3 product launches over 13 months, driving positioning, messaging, and cross-functional readiness aligned to Vidyard's PLG motion.
- Built and launched a competitive intelligence program with buy-in from Sales, Product, CS, and Pre-Sales - contributing to a minimum 20% closed-won rate every quarter.
- Drove sales and CX readiness by translating feature complexity into clear value narratives - reducing onboarding friction and improving rep confidence at deal stages.
- Partnered with customer champions and integration partners to amplify self-serve product discovery and extend launch reach beyond paid channels.
- Revamped homepage messaging through A/B testing, lifting overall website conversion rate by 15%; supported growth team across acquisition, activation, and retention campaigns.

Product Marketing Specialist · Netsweeper Jan 2020 — Aug 2021

- Built the product marketing function from scratch, including launch processes, sales enablement frameworks, and competitive intelligence.
- Executed GTM strategy for telco and government buyers, aligning messaging to enterprise procurement cycles and compliance requirements.
- Produced battlecards, whitepapers, and data sheets that equipped Sales to differentiate against global telco vendors in enterprise deals.
